HER FUNERAL TO-DAY.

Mrs. Harrison's Body Now Speeding to Its Grave in Indiana.

Impressive Services Held in the White House East Room.

Favorite Hymn of the Dead Woman Sung by Sweet Boy Voices.

WASHINGTON, Oct. 27.—The funeral services over the remains of Mrs. Harrison were conducted at the White House at 10 o'clock this morning in the East Room in the presence of the family, immediate friends and many notable persons. They were beautiful mpressive, but were chiefly character-

ted by their simplicity. Except the sable rosette of crepe at the doorway there was no sign of mourning about the exterior of the mansion. Police guards were stationed at the gates to keep back the throng of people, who gathered to the num-ber of several thousands on the sidewalks bordering the northern lawn.
Inside the nouse all of the doors connecting

the halls and adjoining rooms with the East Room were thrown open. Near the centre of the East Room the casket was supported by two pedestals, with the head to the north, and it was covered with beautiful flowers. The great room was nearly filled with chairs and sofas, arranged in semi-circles. Its usual aspect was otherwise unchanged except by the special abundance of its foliage decorations, which consisted almost entirely

of several varieties of the palm.

Near the head and foot of the casket stood tall paims reaching nearly half way to the celling. At the head of the casket was a large floral crown made of white carnations violets and roses resting upon a base covered with tvy. At the foot had been placed a large wreath-crowned cross of purple violets. There was a so at the head a large wreath of white and pink roses and palm leaves, the tribute of the clerks in the Expositive unics, and at the foot another wreath made up of

The first row on the north was assigned to the Cabines and Private Secretary Halford, the segond to the Supreme Court, and the remaining rows to other friends without specification.

Just before 10 o'clock Mr. Biaine entered, accompanied by Mrs. Biaine and his daughter, Harriel. The ex-Secretary was seated beside Gen. Porter, his old colleague in the Cabinest. Mr. and sire. Whiteleaw Reid estered about the same time and were seated in the same row.

In the green-room adjoining and opening into the Kast Room were stationed the bors of the choir of St. John's Expiscopal Choral music in the same row.

Curious Developments of the Battle A Federal Court in Another State Asked to Appoint a Receiver.

Judging from the rumors floating about downtown to-day, sensational developments recent failure of C. Burkhalter & Co., the big wholesale grocery firm, within the next twenty-four hours.

This expected bombshell is in the nature Courts, appointing a receiver of the property L. Fancher, President of the Irving National

They have all filed attachments against the property of the firm, through their attorneys bill. Chandler & Seymour, of this city, and represent a large majority of the unpreferred creditors of the firm, the total amounts of the attachments thus far recorded being about \$185.000.

matter since the failure was announced a week ago.

It has been learned that on Wednesday, Oct. 19, at noon, the Irving National Bank was a creeiter of the firm of Burkhalter & Co. to the amount of over \$50,000.

On the night of Oct. 19, it is said, goods and merchandise were removed from the store of Burkhalter & Co., to the value of nearly \$90,000, and placed in one of the wardnouses of H. J. Deau & Co., the Greenwich street irm. More than forty cartloads of merchandise, it is said, were thus removed, but their

exact location at the present time is not
definitely known.

It was furthermore learned that the assignment was made at 2 a. w., Thursday, Oct. 20,
though it was not announced until late in the
afternoon of that day.

Now comes some of the most peculiar features of the case. When the assignment was
finally recorded in the County Clerk's office
the irrung National Bank did not appear as
one of the preferred creditors of the firm,
although Charles Burkhalter was one of
the directors of the bank, and Mr.
Fancher, its President, is the assignee of the
firm, and, thirdly, sithough Stern and Ilusheffirm, and, thirdly, sithough Stern and Ilusheffirm, and, thirdly, sithough Stern and Ilush-

The day previous to the failure the Irving to National Bank was a creditor of the firm to the amount of \$50,000 or more, and yet is since that time it has never taken any legal steps to secure the debt.

This is, to say the least, a very unusual manner of doing business, unless matters had already been arranged, and downtown people who have been putting two and two together are asking themselves and each other by what means the bank has secured itself.

No definite information upon this point could be obtained from the firm of Dill, Chandler & Seymour, although it was admitted by one of the partners that an application had been made to a Federal Judge for the uppointment of a receiver for the firm in the interest of their clients.

In regard to other matters connected with the proceeding discreet alleance was maintained.

It was also reported that after the appoint-

It was also reported that after the appointment of a receiver shall have been made, the assignment itself will be attached, and steps taken to have it set aside as being contrary to the interests of the creditors of the firm.

Inquiry among several of the creditors in this city indicated that there was no disposition to hold either of the carters in the firm.

tion to hold either of the partners in the firm responsible for the assignment, or any of the peculiar circumstances said to be connected peculiar circumstances said to be constant with it.

Assignee Fancher himself was busy at the office of Burkhaiter & Co. in Hudson street all day, and refused to see any reporters. He sent out word that he was still busy taking account of stock, and would not be prepared to make any definite statements for several days to come. He also sent out word that he had no knowledge of any application for the appointment of a receiver, and refused to rep.y to any other questions.

Mr. Dean, of R. J. Dean & Co., of 302 Greenwich street, said this afternoon that there were no goods in any of his warehouses in the name of Burkhaiter & Co., the Irving National Bank or Charles L. Fancher. If any goods from the Burkhaiter establishment had been stored in his warehouses, the receipts were in the name of some other person. Personally, he said, he had ne knowledge of any such removal of merchandise irom Burkhaiter & Co.'s store.

In the opinion of members of the Demo cratic National Committee the withdrawal of the County Democracy's ticket for city and county offices, which was announced this morning, is under the circumstances a good thing for the National ticket.

Some of the Committee favored a third loss ticket on the theory that the more tickets there were in the field the larger the Demo-cratic vote would be for the candidates for President and Vice-President, but, now that the authorities have decided that the Coun-ties cannot have the names of the Presidential electors printed on their ballots, it is regarded decidedly better that there should be only one ticket in the field, and also because it shows the country the impossibility of any trading with the Republicans by any Democratic organization.
